

## **IT IS HAPPENING AGAIN**

Once again, we are in Lock Down. Though here in Sandy Point we are much better off than those in Melbourne, who are in definite Lock Down - and some. Although, we still need to wear masks in the General Store and the Music Evening next Thursday has had to be postponed. This has now been re-scheduled for Thursday August 12th, at 7.30.

Council's "Laying the Tables Workshops". These have been re-scheduled for the following Sundays from 13<sup>th</sup> June. The Workshops will run from 10.30 till 2.30 or possibly from 10.30am till 4.00 pm Also, everyone will have to bring their own lunch. Alternatively, people can choose to go on Mondays at the same times, whichever they maybe!

But apart from these minor inconveniences, we have truly little to complain about here in the country areas compared with those up in Melbourne. They not only are they looking at a possibility of an extended Lock Down but also a new highly contagious version of the Corona Virus.

We really have nothing much to complain about here in Regional Victoria but of course we will always find something to moan about.

It could be just the weather, or nothing at all, who needs a reason to complain.
