

LET US START A NEW GAMES NIGHT

As of the 5th May there is an invitation to anyone interested to join in a game of table tennis. We have two table tennis tables, now which are only used on Monday and Friday mornings and it has been suggested that some would enjoy a game of table tennis in the evening, so now on Wednesday evenings from 7.30pm, you can come along and enjoy a game of ping-pong. Everyone is welcome and all it will cost you is a gold coin donation. Please spread the word to family, friends and neighbours. There are some bats and balls available for use. It will be a fun evening – tea and coffee will be available, but if you need something stronger you can bring it yourself.

The Sandy Point Community Centre has a new look website www.sandypointcc.org.au . However, some people are having difficulty viewing the new website. The new website's home page features guests dancing at a wedding at the Centre while the old site's homepage features our beautiful beach. It would be appreciated if you are unable to access the new website, please let us know by emailing info@sandypointcc.org.au as the problem needs to be resolved as soon as possible.

It is certainly wonderful that we no longer need to wear masks in any situation. We all feel for those in Western Australia where masks have once again become mandatory. Let us hope they get the outbreak of COVID under control as no one likes to wear a mask but sometimes it is necessary.

Just letting all my Snippet readers that I will be away in sunny Queensland for the month of May, so I will not be writing my column.
