

## **NOTHING NEW TO REPORT**

This past week has been very much the same things happening. You must remember to wear your mask every time you go out, remember the police are around but you are protecting yourself and others around. I have started playing Social Bowls at Fish Creek Bowls Club and yes, we must wear masks while we are playing. For me, the best solution is to take my glasses off, otherwise they keep fogging up. Luckily, my long-distance site is extremely good, so taking my glasses off is not a problem.

During the school holidays the Café has been open every day, but with the school holidays coming to a finish they will go back to closing Monday and Tuesday but will be open 8am -8pm Wednesday to Sunday. With less people around you can hardly blame them.

As many of you are aware Council has removed the Spinner in the children's playground and Council has informed us that it will not be returning. This is because it does not comply with Australian Safety Standards as there is not enough space between it and the swings for it to operate safely. It has also been noted that it was full of rust. Consequently, it will not be able to be returned as there is insufficient space for it to go into. However, the shade sails will be coming back, shortly.

But looking on the bright side, we did get a new version of our beloved Yellow Slide. The new version seems to have gone down well with the children as well.

We were able to hold a Funeral in the Centre last Saturday. However, they were not able to hold the wake inside and only 20 people were permitted to attend. The funeral was for Wendy Wright who some may remember as overseeing PBE until it ceased to exist in Sandy Point, and after that she moved to Paragreen until illness overtook her. Vale Wendy Wright. Of course we had a recent death within our Community when Peter White died, being survived by his wife, Wendy.
