

## **NOVEMBER – MOW-VEMBER**

It isn't every day that a fella offers to shave off his beard in order to grow another one, all for the great cause of raising money for Men's Mental Health. But this is what Andy Cummins from Sandy Point General Store is planning to do. He has a donation box on the counter and has been receiving plenty of money to go towards the cause.

Not only is he doing this, but he is also prepared to sit outside the shop and have it shaved off! I'm sure there will be plenty of locals there to watch the performance and possibly a few cameras as well. Perhaps the local press could be persuaded to attend and take a few pictures of the momentous occasion. Of course, Men's Sheds are all about Men's Health also, which should not be overlooked.

Another little whisper I have heard, is that the Shire have agreed to letting Sandy Point have a person to help with our problem of dogs on the beach. This person will not be actually patrolling the beach but will be stationed at the base of the track opposite the shops to talk to and advise those people with dogs as to what the regulations are. Furthermore, they will not be there on a regular timetable but will change around their days just to keep things interesting.
