

## **WE ARE BACK!**

What am I referring to – well of course it is the Music Club. Finally, and with a great deal of rigmarole The Music Club has finally had its first performance since COVID-19 changed the world. But only after everyone had had their temperature taken and had scanned the Q R code with their phones were they allowed to take their seats.

It was the Pierce Bros. who were on stage, and the Volunteers had to wipe down all the equipment and all the tables and chairs before the first session at 4pm and again after the session then of course at the conclusion of the evening. So, until the density quotient is relaxed the maximum number of patrons allowed is 65, 1 person per 2sqm and the Centre is 15 sqm but you have to allow for the stage and the performers.

However, it is great that masks do not need to be worn locally – even in the General Store, although you are advised to have one with you just in case. Presumably, this will also apply to the Mini Golf when it finally opens. It is great to see that the new owners are hard at work bringing new life to the mini golf. I know that we do not need to wear masks whilst on the bowling rink – only once you stepped off the rink and back to reality. But remember you must still carry a mask and if you are doing your Christmas shopping in the bigger shopping centres then masks are still required to be worn.

Do we not all look forward to the day when masks are banished and there is a vaccine available to all! No doubt by that time we will look back at the (Year of Covid) with fond memories or maybe not.

Wishing all my readers a very Merry Christmas and hopefully 2021 will be less stressful than 2020
